Subject: Monday Prep Meeting - ND Oil and Gas Smart Sectors on 12/4
Attachments: 20180409 EPA Oil and Gas Roundtable Highlights (Final, Public).pdf; 20181126 Agenda - Prep for ND SS Oil and Gas .docx

Hi, Doug,

Attached is the agenda for Monday and the Feb. 2018 O/G Roundtable "Highlights" document for you to review in advance of the Monday prep meeting (to prepare for the Dec. 4 Smart Sectors meeting with oil and gas stakeholders in Bismarck, ND).

I am sorry I did not get these materials to Diane earlier - to include in your weekly binder for next week. I am happy to deliver the hard copies on Friday.

Finally, below, you'll find some language Patrick includes in his Smart Sectors invitations.

Happy Thanksgiving! Megan

From Patrick's Smart Sectors' invitation template:

Why:

- *The roundtable is focused on identifying practical solutions to various environmental regulatory, permitting, and compliance challenges to achieve more effective and efficient environmental outcomes.*
- *To improve relationships and enhance communications among sector stakeholders.*
- *To identify and share solutions related to challenges that adversely impact efficient and timely compliance.*

How:

- *Stakeholders will come together to share their individual expertise and experience. Participants will be asked to share their individual viewpoints throughout the roundtable and consensus will not be sought.*

Questions to ponder before attending the roundtable:

- *In your personal opinion which EPA policies or regulations would you like to see modified or made easier with which to comply?*
- *In your personal opinion what could the EPA do to accomplish this?*

Megan E. Garvey
